- ❑ Two USGA specification greens
- ❑ 500 square metre putting green
- ❑ 450 square metre bunker and chipping green

## ❖ GENERAL INFORMATION

The Golf Academy at Dromoland is the most modern golf practice facility in Ireland.

The stone clad, slate roofed structure houses 9 driving range bays and an additional fully enclosed teaching bay. All the bays are fitted with Golf-Tech's second generation fully automated 'Power Tees' – alleviating the need for bending down for your next ball and allowing more enjoyable and better quality practice time. With 4 bunkered target greens ranging between 100 and 250 metres and totalling 300 metres in length, the range provides a wide variety of shot selection.

The short game area includes two USGA specification greens with the same Penn A4/G6 creeping bent grass as used on the golf course – a 500 square metre putting green to hone the perfect stroke before you tackle Kirby's greens on the course, and a 450 square metre bunker and chipping green. The bunker and chipping green offers a number of lies, slopes and grass lengths to practice from, in addition to a riveted face links style bunker, which is an exact recreation of the 17<sup>th</sup> 'Road Hole' bunker at St. Andrews and a well-shaped, large greenside bunker.
